

HEALTH & SAFETY AND ENVIRONMENTAL POLICY

Eurocraft Technologies Limited specialise in the design and manufacture of enclosure systems for the use in the telecommunications and electronics industries.

The top management of Eurocraft Technologies Limited recognises that through our activities we will generate positive and negative impacts on the environment, also must maintain a safe environment to comply with Health and Safety. To ensure that we control both the positive and negative aspects of our business it is our obligation to:

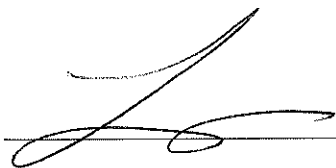

Health and Safety

- A commitment to provide safe and health working conditions to prevent work related injuries and ill health.
- Provide a framework for setting health and safety objectives.
- A commitment to fulfil legal requirements.
- A commitment to eliminate hazards and reduce health and safety risks.
- A commitment to continual improvement of the health and safety management system.
- A commitment to consult and involve workers in activities.
- To conduct regular safety audits to measure performance and identify areas for improvement.

Environmental

- A commitment to the protection of the environment, including prevention of pollution and other specific commitments relevant to the context of the organization.
- A commitment to fulfill our compliance obligations.
- A commitment to continual improvement of the environmental management system to enhance environmental performance.
- Seek suppliers and subcontractors with environmental standards consistent with our own and that all parties involved in the waste production, transportation, transfer and disposal process comply with their Duty of Care regarding waste control.
- Provide a framework for setting environmental objectives.

This policy shall be made available as documented information that will be communicated within the organisation, interested parties and be relevant and appropriate for its intended use. This policy is reviewed on an annual basis, or if there are changes to organisation arrangements to the business or in response to relevant legislation
